

GETTING STARTED

- 1 Tap **Flight**, **Hotel**, or **Car Rental** on the home screen to define search conditions for a new reservation
- 2 Tap a flight in the search results to view additional flight information, view and select seats, and to **Select** a flight
- 3 Update search results using the **Sort** or **Filter** buttons at the bottom of the screen
- 5 Tap the **Change Flights** link to begin a new search
- 6 Tap **Add Hotel** or **Add Car Rental** to book additional services

Select **Flight** when booking air, car, and hotel in a single booking – the intuitive app provides prompts to **Add Hotel** or **Add Car Rental** upon the completion of each section

Note: Travel profile information cannot be managed within the app at this time

- 7 Use **Checkout** when complete
Hint: Use the app to book short-haul domestic and intra-regional trips only

BOOK YOUR TRIP

- 1 Travel Preferences (such as airline frequent flyer numbers and rental car memberships) display on the **Book Your Trip** screen if present in your profile
- 3 Fields marked with a red * asterisk are mandatory to complete a booking

- 2 Tap the preferences section to add or update information for the current booking; tap **Done** to confirm updates on the **Edit Preference** screen

- 4 Swipe to the bottom of the screen to view an **Estimated total** for the booking

- 5 Tap **Agree and Book** to finish

MANAGING RESERVATIONS

- 1 Upcoming trips display on the home screen
- 2 Swipe to view reservations
- 3 Tap a trip to expose a summary of components and trip management options
- 6 Confirmation numbers, seat assignments, terminal / gate information, check-in details, weather, and other information displays based on the item selected

- 4 Use the links on the **Summary** screen to **Share** or **Cancel** a trip

Share  Cancel

- 5 Tap an itinerary item (flight, hotel, or car rental) to view detailed information

- 7 Tap the arrow to return to the itinerary; tap the menu icon to expose additional features and actions

- 8 Return to the home screen by using the menu or select the home icon if present
