Switching From Coke to Pepsi

After many years the University of Northern Iowa is changing from a Pepsi campus to a Coca-Cola campus. Effective July 1, UNI will begin a new ten-year relationship with Coca-Cola as our exclusive beverage provider for the University. New Coke equipment will be installed across campus throughout July; we appreciate your patience during this transition. This exclusive agreement includes sponsorships, student internships, product donations and other marketing opportunities. FAQ's are available on the Procurement Services website <https://obo.uni.edu/procurement-services>, or contact Molly Unga at x6448 Molly.Unga@uni.edu with questions.
