

# Leave Balances Transfer Request Form

UNI employees transferring to another State agency, including other Regent institutions, may request to transfer their vacation and/or sick leave accrual balances to that agency. The staff member must make a request during the interview or employment offer process and must notify their current institution by their last day of employment. Such requests are subject to approval by the receiving employer. Vacation not transferred will be paid out to the employee on a final UNI paycheck. Sick leave is only paid out upon retirement, to a maximum of \$2000. Questions can be addressed by Payroll at 273-6425.
